

## Providence ALS Center

Providence ALS Center is the only center in Oregon – and one of only 32 in the country – to receive national certification as a center of excellence by the ALS Association.

A collaboration between Providence Brain Institute, the ALS Association of Oregon and Southwest Washington and The Oregon Clinic, Providence ALS Center is the most comprehensive care center in Oregon for people with amyotrophic lateral sclerosis.

At Providence ALS Center, an integrated team of specialists provides coordinated care for every facet of your patient's needs, from early intervention and symptom management to aggressive treatment and compassionate support.

### Services

- A full continuum of diagnosis, treatment and follow-up care focused exclusively on people with ALS
- Coordinated appointments that bring a full team of specialists to the patient's room, one by one, in a single visit
- Personalized, proactive care plans developed by a multidisciplinary team
- Regular monitoring to promote timely interventions aimed at offsetting the effects of ALS
- Assistive devices and resources to help maximize capabilities
- Information and education to promote informed decision making
- Leading-edge therapeutic drug trials
- ALS support group and other supportive services for patients and their families

### The multidisciplinary team at Providence ALS Center specializes in:

- Occupational and physical therapies
- Respiratory therapy
- Speech and language pathology
- Augmented communication
- Nursing
- Social work
- Nutrition
- Pulmonology
- Gastroenterology
- Psychology
- Clinical research
- Palliative and hospice care

## Medical director:

Kim Goslin, M.D., Ph.D., The Oregon Clinic, 503-963-3100

- **Support groups:** Get details on groups that are open to your patients.

## OUR MISSION

As people of Providence,  
we reveal God's love for all,  
especially the poor and vulnerable,  
through our compassionate service.

## OUR CORE VALUES

Respect, Compassion, Justice,  
Excellence, Stewardship
