

Providence Peripheral Nerve Services

Providence Peripheral Nerve Services is a joint venture between Providence Brain Institute and The Oregon Clinic. Leading the team is a group of neurologists with specialized training and extensive experience in peripheral nerve disorders. These physicians offer expert evaluation, diagnosis and treatment services for a wide range of neuromuscular conditions, coordinating care with neurosurgeons, rehabilitation therapists and other specialists as needed.

Services

- Advanced diagnostic studies, including electromyography; nerve-conduction studies; skin, muscle and nerve biopsies; quantitative sudomotor axon reflex testing; MRI; CT and laboratory evaluations
- Physical and occupational therapies
- Medication therapies to effectively manage neuropathic pain
- Carpal tunnel surgery
- Surgery for entrapment neuropathies
- Education about lifestyle changes that may prevent further nerve damage, ease symptoms and improve quality of life

Providence Peripheral Nerve Services specializes in treating a wide range of nerve and muscle conditions, including:

- Carpal tunnel syndrome
- Neck and lower back issues
- Neuropathy
- Muscle disease
- Pregnancy-related neuromuscular complications
- Inflammatory neuropathies

Medical leader, West side:

David B. Wilkinson, M.D., 503-292-2542

Medical leaders, East side:

Joshua Johnson, M.D., The Oregon Clinic, 503-963-3100

Tracy Sax, M.D., The Oregon Clinic, 503-963-3100

- **eNeuro:** Subscribe to our quarterly physician newsletter.
- **Speakers bureau:** Providence Brain Institute physicians are available to speak about carpal tunnel syndrome, diabetic neuropathy and other nerve disorders.

OUR MISSION

As people of Providence,
we reveal God's love for all,
especially the poor and vulnerable,
through our compassionate service.

OUR CORE VALUES

Respect, Compassion, Justice,
Excellence, Stewardship
